

# ELIZA COFFEE TABLE

## ARTERIORS

The Eliza deviates from traditional coffee table designs and does so with graceful defiance. A traditional technique of bending rattan poles is used to form the unique hex shape and a flat rattan weave tailors the top with fractal patterns that catch the eye. Its open-form construction creates interest and intrigue while simultaneously commanding the space it occupies. A tobacco wash finish allows this piece to blend in perfectly with existing decor. Finish may vary.
