

NARISSA LAMP

ARTERIORS

It takes excellence and expert knowledge in glassblowing to create patterned designs such as this. The cylinder design is made by hand from art glass which is created by taking a base glass and then adding stems of colored glass to create unique patterns. This one has a clear base glass with soft opaque swirls that make it ever-so-elegant. Topped with a microfiber drum shade in light cinder with an acrylic ball finial. Glass designs may vary.
