

PEARLMAN LAMP

ARTERIORS

With its dual steel and crystal structure this table lamp is a modern play of geometric design intrigue. The base is finished in a dark vintage silver which not only elevates its style but also adds a uniquely sophisticated polish to the look. In contrast with the ultra-sleek metal the design features alternating panels of opal swirl crystal that add a lovely texture. It is topped with a rectangular shade in ash gray microfiber. Finish may vary.
