

PITMAN VASES SET OF 2

ARTERIORS

Rich in natural details this set of ceramic vases is as artistic as it is divine. The grainy texture in the surface is from sand that's incorporated into clay before it's molded. The organic wavy lines in the horizon are handcrafted so each vase is as different as a fingerprint. The charcoal and white tones are in the clay so the color will stay true longer and the interior is glazed for an unexpected finishing touch.
