

SABRINA CENTERPIECE

ARTERIORS

It doesn't always take light to give a piece its glow. The glow here comes from the luster finish that is applied to the surface reflecting light and adding to its mystical character. In this large glass bowl you'll also find a bevy of details; richly seeded glass organic waves naturally developed in the rim and a desert rose ombre that blends into the translucent glass in hues of rose and purple. Finish and size may vary.
