

SHALA PENDANT

ARTERIORS

This unique pendant reimagines the traditional Chinese lantern in a more modern abstract perspective. It is crafted from bent strips of resilient bamboo mounted to the rattan frame in two layers to create depth and filter the glow even further. Adding to the modern look is a black painted finish throughout that makes it stand out in the daylight. The light that comes through the bamboo strips casts wonderful shadows around the room. Additional pipe available (PIPE-101).

All Arteriors lighting pieces are re-wired with black wiring
