

SIMONE LAMP

ARTERIORS

Crafted from terracotta this lamp is formed into a wide portly shape that makes it quite substantial but it is balanced with a subtle neutral Barcelona beige glaze and soft cloudy white detail in the neck. Adding to the subtlety of detail is the delicately ridged texture at the top which is formed by hand when the potters have wheel-thrown the base. It is topped with an ivory linen drum shade with white cotton lining. Glaze finish and details will vary.
